

Texas MicroCircuits

DIY Remote Control for your CNC Machine

Because the documents and enclosure example files will be updated (evolving) regularly, we thought it best to produce this page as a link to the latest versions of the documentation and example files. If you go to these “links” below, you will be assured of the latest files.

For all **Documents and Videos** relating to the **MP2** and **MP2CP DIY Kit**, please click or go to:

www.texasmicrocircuits.com/mp2.htm

For **Example Enclosure** files please click or go to:

www.texasmicrocircuits.com/mp2cpexamples.htm

To see our [MP2CP DIY Kit](#) as featured in *Digital Machinist* magazine, click [HERE](#)
